Why HPP Advisors?

HPPADVISORS

“What is Truly Unique to our Approach is our Customer Inward Approach to product development and coming to Market”

- We source "Made in USA" first and foremost with Certified Suppliers
- Our customers are involved from Day 1 in bringing our Products to Market
- We stand behind our Parts with Industry only Cycle Warranty
- We offer a 15% Discount off the OEM List Price AND
 - Volume Discount Pricing
- Our Supply Chain Management ensures you have Parts when you need them!

Anticipated Life Span Calculations

All HPP Advisors parts come backed with a cycle warranty and anticipated Life Span. What does this mean to you, our customer?

Our Warranty is there to provide peace of mind as we know if a part is bad, it is going to go early in the cycle counts

Our Anticipated Life span is what our design projects out to and/or what Our customer feedback has told us

There are many variables that affect the life cycle life of ultra high-pressure parts.

- Proper installation and torque
- Process Water Quality
- Variable Pressures
- Variable Holds Times
- Machine Volume Size
- Part Placement
- And More.....
